*'My magic workshops program is designed around the premise that learning magic creates skills, fun and positive self-esteem.'*

*Master magician & President of The Magic Academy*

*Knowledge of the art of magic is well guarded, as it is a secretive art and a valuable commodity. The Magic Academy gives your child the unique opportunity to start their training with one of Australia's best magicians and his team in a safe, fun and positive environment.*

*After your child takes the magicians oath, secrets will be revealed and your child will learn the mechanics to perform some pretty tricky magic in a conjuring manner and with all the finesse that only a magician possesses.*

*By the end of the program, your child will have developed their own mini routine and will Perform in front of an audience. The children take some tricks home, a gift from the magician and a magicians certificate with them so they will then be able to dazzle friends and family any time, any place.*
